Agenda

- Introduction
- 2010 results
- Exit from paper manufacturing
- Board and management
- Outlook

Year in Review

- Result impacted by adverse market conditions
- Cost reduction and cash management remain focus
- Lower gross debt and reduced gearing

Exit from Manufacturing

- Reduced earnings risk on strengthening AUD
- Safe work environment maintained
- Exit from manufacturing now complete

Business Transformation

- Exit from paper manufacturing
- Solely a distributor
- Future growth of diversified products and solutions

Board and Management

Resume Director succession programme

Outlook

- Q1 results at expected levels and meaningfully above prior
- Favourable pricing and expense management offset volume shortfall
- Turnaround in critical European businesses
- Demand not expected to significantly improve in short term
- Good leverage for market improvement

Annual General Meeting

CEO & Managing Director – Tom Park

Review of 2010

- Depressed market conditions continue
- Strong Australian dollar
- Merchant volume, revenue and EBIT down versus prior year
- Merchant expenses reduced \$196m but did not offset volume shortfall
- Average working capital to sales down from 17.7% to 16.9%
- Results heavily impacted by closure of Tasmanian operations
- Transformation of our business to leverage future market upswings

Strategic Priorities – Lower Debt

Reduced gross debt by \$1.2 billion from December 2008

Strategic Priorities – Exited Manufacturing

- Australian Paper sold in May 2009
- Tasmanian operations closed in July 2010
 - Closure costs less than previous advice
 - Program underway for sale of plant and equipment
 - Ongoing site operating expense until assets sales complete
 - Reduced currency exposure following exit

Strategic Priorities – Finalised Debt Refinancing

- Repayment of historic lenders:
 - Estimated \$100m impost on shareholders in 2 years
 - Removes \$13m of advisor and waiver charges (vs PY)
 - Substantial release of time to focus on business
- Regional asset based facilities established in Continental Europe, UK, New Zealand, Australia, Canada and USA.
- Asset based lending provides more appropriate structure for Merchanting operations:
 - Greater flexibility
 - Lower interest cost
 - Better currency alignment

Market Conditions

Revenue		% change	
		FY10 v FY09	FY10 v FY08
ANZA	A\$	(12.5)	(14.5)
Europe	€	(8.1)	(21.7)
North America	US\$	(7.7)	(21.9)

- Volumes down 20% over the past 2 years
- Focus on recalibrating expenses and working capital levels

Recalibration – Lower Merchant Costs

		% change	
		FY10 v FY09	FY10 v FY08
ANZA	A\$	(8.9)	(10.5)
Europe	€	(4.5)	(13.3)
North America	US\$	(5.2)	(17.2)

- Expenses down substantially in all regions
- Structurally lower expense base going into 2011
- Ongoing focus on reducing costs

Recalibration – Lower Working Capital

- Working capital better reflects reduced business size
- Average working capital was favourable in all regions, down \$A257 in total (including currency benefits)
- Average working capital to sales was down to 16.9% from 17.7% in prior year.

Recalibration – Lower Overhead Costs

- Streamline and reduce overhead costs
- Locate jobs where makes business sense
- 50% (\$10 million) reduction in Head Office labour costs
- Continental Europe reduced from 2 regions to 1
- Further opportunities for back office consolidations

Profit Improvement

- Historic lender charges and costs to exit manufacturing are behind us
- Market volumes stabilised
- Diversified businesses aligned to economic activity
- Lower cost base
- Upside leverage to any volume recovery

Challenges

	<u>Targets</u>
• Margin management	20%+ gross profit %
• Grow diversified	20% → 30% of total gross profit
• Expense and WC recalibration	Improve % revenue
• Cash capture	WC plus cash management
• ROAFE target	15%+ in regions, 12.5%+ group

Performance To-date

- On-track through September
- Meaningful lift in Q1 profits
- Important European turnarounds commenced
- Demand stabilised
- Pricing favourable in NA and Europe
- Cost and working capital focus

Summary

- Challenging external environment
- Safety performance best ever
- Significant internal restructuring
 - Strategic priorities
 - Recalibration
- Better positioned for improved financial performance and shareholder return
